INTRODUCTION

I'm Laiba Kanwal, a passionate web and game developer who loves creating digital experiences that are both functional and engaging. From building dynamic websites to designing immersive 3D games, I enjoy turning ideas into real, user-friendly products that make an impact.

WORK EXPERIENCE

Master Company Accountant

Alongside my technical work, I have part-time experience in a company where I manage accounts and gain hands-on exposure to diverse business processes. Working in a fast-paced environment has strengthened my understanding of logistics and financial management, enabling me to bridge the gap between software engineering skills and real-world business needs.
